PROFESSIONAL EXPERIENCE

Payscale | 2021 – October 2026

Team Lead, Customer Education (2024–2026)
Senior Product Training Manager (2023–2024)
Product Training Manager (2021–2023)
Senior Customer Support Associate (2021)

- Led a customer education team delivering live product training webinars, one-on-one customer training, and video training resources, maintaining consistently high customer satisfaction (CSAT) scores.
- Led the development and expansion of the customer education webinar program, increasing annual offerings by over 400% and live attendance by approximately 400%, with consistent year-over-year analytics showing 2–3× higher product engagement among attendees compared with non-attendees.
- Conceptualized and led annual Live Certification Week programs, expanding instructor-led certification offerings by 50% and driving increases of 204% and 113% in monthly certification completions in 2024 and 2025, respectively.
- Drove a 51% week-over-week increase in Academy student activity during the 2025 Certification Week, which coincided with the year's highest certification month.
- Developed standard operating procedures (SOPs) and documentation for multiple training offerings to support consistent program execution.
- Collaborated on defining customer education KPIs and performance measurement strategies, leveraging Salesforce reporting and other program analytics to evaluate effectiveness, identify trends, and present actionable insights supporting continuous improvement.
- Created all video scripts for the Compensation Fundamentals Certification program.
- Developed customer-facing product video resources for the Academy program, contributing to 155 videos through scriptwriting, narration, production, or end-to-end creation.

- Planned and executed paid workshops for Payscale's annual Compference thought leadership event, sourcing speakers, conceptualizing and developing topics, coaching presenters on public speaking and delivery, and providing design-focused feedback on content and deliverables to strengthen customer engagement.

Ascentis (a UKG Company) | 2016–2021

Team Lead, Professional Services (2020–2021)
Professional Services Consultant (2016–2020)

- Selected to lead a newly established, revenue-generating Professional Services team, designing operational workflows for project intake, scoping, pricing, resource allocation, and delivery of specialized HCM solutions including Benefits, Performance Management, Compensation Planning, Employee Self-Service and Time Keeping products.
- Managed client engagements from initial consultation through project delivery, coordinating cross-functional resources to meet customer requirements.
- Previously managed HCM software implementations, including solution design, system configuration, testing, and client training.

Salary.com (formerly IBM) | 2013–2016

Professional Services Product Support Specialist

- Provided dedicated product support and consultation for a portfolio of approximately 200 customer accounts utilizing compensation management software.
- Delivered personalized one-on-one product training, technical troubleshooting, and guidance on complex compensation processes and software functionality.
- Executed customer data imports and supported data management activities to ensure accurate and effective use of compensation solutions.
- Served as a trusted product resource, helping customers navigate technical challenges, optimize software utilization, and apply compensation management best practices.

National Grid | 2012–2013

Human Resources Business Partner (Contract)

Boston Scientific | 2010–2012

Talent Acquisition Coordinator

Raytheon | 2009–2010
